Liberty HealthShare Enhances Liberty Assist Sharing Program

CANTON, Ohio, May 9, 2024 – Liberty HealthShare®, one of the country’s leading Christian healthsharing ministries, today announced that it has enhanced its Liberty Assist sharing program.

Liberty Assist was introduced in September 2022 to serve seniors on Medicare. The budget-friendly sharing program has proven popular with its age 65+ audience.

The popularity of the easy-to-use program designed for seniors enrolled in Medicare Parts A and B is expected to grow as Liberty HealthShare has added several free features to the program to help members maintain good health and well-being.

“With monthly sharing contributions starting at just \$87, Liberty Assist is affordable for retirees looking to control their healthcare expenses and enjoy the benefits of being a healthshare member,” said Dorsey Morrow, Liberty HealthShare chief executive officer.

Beginning June 1, these new features will be available to Liberty Assist members at no additional cost:

- **GetMoreRx Prescription Drugs** – Offers savings of 50% - 95% on generic drugs and 10% - 45% on most brand name drugs.
- **Careington Dental** – Offers savings of 20% - 50% through one of the nation’s largest dental networks.
- **EyeMed Vision** – Offers savings of 20% - 40% off the retail price of eyewear.
- **QualSight LASIK** – Offers savings of 20% - 30% off the national average cost of LASIK surgery.
- **DialCare Urgent Care** – An easy-to-use telemedicine solution for non-emergency illnesses and general care.
- **DialCare Therapy** – A safe and secure mental wellness program via virtual or telephonic counseling sessions.

While all of these program features are offered at no charge, for DialCare Urgent Care telemedicine, a Liberty Assist member will pay a per-visit fee of \$55, and \$85 per-visit for Dialcare Therapy, a telecounseling service. More information is available at libertyhealthshare.org/additional-services. These features are not insurance and are not available in Washington or Vermont.

“Our members appreciate knowing that they can see the doctor of their choice and that Liberty Assist will fill in the gaps of what Medicare doesn’t pay,” said Morrow. “They enjoy being a part of a Christian sharing community instead of contributing to the profits of a big insurance company.”

In addition to Liberty Assist, Liberty HealthShare has five other affordable [medical cost sharing programs](#) that are designed to fit the needs of individuals as well as different types and sizes of families.
