- Dental health is important to overall wellness
- Survey showed nearly 75% of members interested in a dental sharing program
- Affordable monthly share of just \$35 for an individual

CANTON, Ohio, May 1, 2024 – Liberty HealthShare®, one of the country’s leading Christian healthcare sharing ministries, today launched a new dental sharing program.

“Good dental health contributes to overall wellness and can help people avoid serious illness,” said Dorsey Morrow, Liberty HealthShare’s chief executive officer.

“Recognizing this, almost 75% of those taking part in a recent member survey said they would be interested in an affordable dental sharing program,” added Morrow. “We are excited to be able to bring this new program to our members.”

Liberty HealthShare’s new [dental sharing program](#) is only available to existing and new members of one of the ministry’s medical cost sharing programs. It is not being offered as a standalone sharing program. The monthly share amount for an individual is just \$35.

The new dental sharing program allows members to see the licensed dentist of their choice without any network restrictions. The program can be combined with the existing [Careington](#) dental discount program for even greater savings.

[Liberty Freedom](#) is a budget-friendly, catastrophic healthcare cost-sharing program for young adults. With a monthly share of just \$89 for an individual, Liberty Freedom offers support to those age 35 and younger for their eligible healthcare expenses.
