Liberty HealthShare is not an insurance company nor is it offered through an insurance company. Liberty HealthShare's Sharing Programs do not guarantee or promise that a member's medical bills will be paid or assigned to others for payment. Whether anyone chooses to pay a member's medical bills will be totally voluntary. As such, Liberty HealthShare's Sharing Programs should never be considered as a substitute for an insurance policy. Whether a member receives any payments for medical expenses and whether or not Liberty HealthShare continues to operate, the member is always liable for any unpaid bills.
