Liberty HealthShare Launches Catastrophic Sharing Program

- Starting at just \$89 a month
- Designed for young adults
- Eligible for up to \$300,000 in sharing per year

CANTON, Ohio, November 1, 2023 – Liberty HealthShare®, one of the country’s leading Christian healthsharing ministries, today launched a new catastrophic sharing program designed specifically for young adults.

“Everyone’s household budget is tight these days, especially those under 35 who are often starting families, buying houses, and paying off college loans,” said Dorsey Morrow, Liberty HealthShare chief executive officer. “We believe our new Liberty Freedom sharing program will be very popular with them and are excited to be able to offer it.”

[Liberty Freedom](#) is a budget-friendly, catastrophic healthcare cost-sharing program for young adults age 35 and younger. It is an affordable alternative for individuals, married couples, and even families with children. With a monthly sharing contribution starting at just \$89 a month for an individual, Liberty Freedom offers support to young adults for their eligible healthcare expenses.

“Liberty Freedom offers the opportunity for member sharing for life’s unexpected health crises,” said Morrow. “It offers the opportunity for member sharing for eligible major medical expenses such hospital stays, emergency room visits, ambulance transportation, physician services, cancer treatment, and more,” he added.

“These kinds of medical expenses can have a devastating impact on a family’s budget,” Morrow said. “The high premiums and deductibles of health insurance put it out of reach for so many who are considering a marketplace plan and aren’t eligible for government subsidies.”

Liberty HealthShare members have access to any doctor they wish to use, whether they participate in our optional network of more than 900,000 providers or not, without penalty.

In addition to Liberty Freedom, Liberty HealthShare has a variety of [sharing programs](#) from which to choose. All options are affordable and designed to fit the needs of different types and sizes of families.
