

Ambassador, the following are Facebook social media posts that you can use.

- The text and graphics are provided for you.
- The graphics on this document are an example only (please don't copy and paste them into a post). The corresponding high-res graphics are in the social media zip file in the Ambassador resources to use with your post.
- When posting, please replace (code) with your unique ambassador code on your social post.

Questions? Email us at ambassador@libertyhealthshare.org

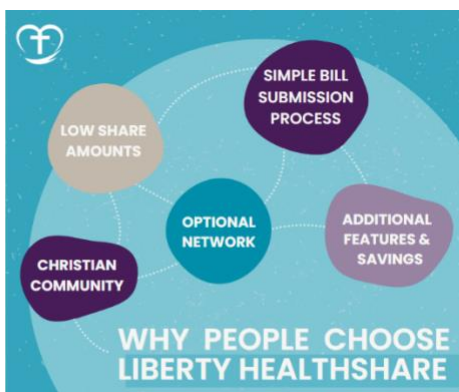

1.

There are several reasons to choose Liberty HealthShare for your healthcare needs.

Liberty HealthShare offers low monthly share amounts, a variety of programs, the power of partnership with the PHCS network for accessing low-cost providers and hospitals, simple bill submission, and, depending on your program, free or discounted services in telehealth, mental wellness, dental, prescriptions, vision care, and LASIK.

Many people across the US have joined Liberty HealthShare to take control of their healthcare! Are you ready to explore becoming a member?

It's as easy as visiting libertyhealthshare.org or calling (855) 585-4237.
Don't forget to mention my ambassador (code) when you sign up!

Are you tired of the burden of high medical costs? Consider switching to medical cost sharing with Liberty HealthShare.

Liberty HealthShare offers affordable medical cost-sharing programs with monthly share amounts starting at \$89 for a single, with a variety of programs tailored to meet the diverse needs of individuals and families.

Members can receive free preventative care, as well as free or discounted telehealth, mental health services, vision care, dental services, and prescriptions.

Healthsharing is not insurance. It's a community-based system where members voluntarily share each other's eligible medical expenses. This means enrollment is available year-round without requiring special life events to qualify.

To learn more about becoming a member, visit libertyhealthshare.org or call (855) 585-4237. When you join, make sure to reference my ambassador (code)!
